*A quote from the leader of a Group from Buffalo University that stayed 14 Nights in 2016.
"The staff of Courtbrack Accommodation have been exceptional. We have been staying in a number of different cities and towns outside of Dublin and Limerick was the most difficult to find accommodation that could cater for our group. The students have been spoiled here and I would recommend Mary Immaculate College to my colleagues in the US for future visits to Ireland as a safe and secure base from which to explore this part of the country."*
